Latifa Radhiah

Financial Analyst | Valuation, Forecasting, Risk

hello@example.com | linkedin.com/in/latifa-radhiah

PROFILE

Financial analyst with six years in valuation, forecasting and risk reporting. I build models that are clear enough to audit and fast enough to use.

EXPERIENCE

2023 to now
Senior Financial Analyst, Northbridge Capital
Lead valuation and reporting for a RM 400m portfolio.

2020 to 2023
Financial Analyst, Meridian Bank
Built credit risk models and monthly management reports.

2018 to 2020
Audit Associate, Hartley & Co
Audited listed and private clients across three sectors.

SELECTED WORK

DCF valuation of a mid-cap retailer — Excel, Python
Built a three-statement model with scenario analysis. Identified a 14% gap between market price and intrinsic value.

Quarterly cash flow forecasting — Power BI, SQL
Replaced a manual process with a rolling forecast. Cut forecast error from 11% to 4%.

Portfolio risk dashboard — Tableau, Python
Designed a dashboard tracking volatility, drawdown and sector exposure for a 40-holding fund.

SKILLS AND CREDENTIALS

Analysis
Financial modelling, DCF and comparables, budgeting, variance analysis, risk assessment.

Tools
Advanced Excel, Python (pandas), SQL, Power BI, Tableau, Bloomberg Terminal.

Credentials
CFA Level II candidate. BSc Finance, First Class Honours.
